Substance Use Treatment Contract

I agree to the following conditions:

1. I agree to abstain from all mood-altering substances and will comply with random drug screens. If I am on prescription medications, I will report this to my counselor. I will advise the counseling staff of changes in my health or of other care. I may be asked to submit random drug screens.
2. I am aware that if I use substances, I could be referred to a detox center until I am more physically and emotionally stable. I also know that my ongoing use may be grounds for discharge from the program or referral to a higher level of care.
3. I agree to be involved in all individual sessions, groups and activities by sharing, confronting, giving feedback, being direct and honest about everything relating to myself and the treatment process. I will avoid distracting others from the therapeutic process and objective of the program.
4. I will respect the rights and be considerate of all other clients and staff in the facility. I will respect the privacy and confidentiality of other clients. I will not participate in any physical violence, verbal abuse or illegal activities. I will inform the staff if I feel that my rights are being violated.
5. I will follow through with my commitments, keep appointments, cooperate with staff, complete assignments and treatment planning activities to ensure continuity of care.
6. When using the facility equipment, I will treat it appropriately and respectfully.
7. Payment obligations have been discussed. I understand that failure to comply with payment contract arrangements by missing three (3) co-pay amounts or one monthly payment may result in suspension from treatment until the bill is caught up and I have agreed to return to the regular payment schedule.
